Summary

Meticulous yet imaginative user-centered designer with experience in transportation and customer service. I'm especially drawn to the research and prototyping phases of the design process and interested in challenges within a range of products and industries.

Work Experience

UI/UX Designer

VeoRide - Chicago, Illinois

2018-2019

Revamped dockless micro-mobility share company's mobile app while applying the user-centered design process to continuously, incrementally improve the product experience for all involved

Full Service Shopper and Delivery Driver

Instacart - Chicago, Illinois

2017-2018

Worked independently with sophisticated mobile technology to resolve problems swiftly and provide high levels of customer service

Regional Tanker Driver (CDL)

Schneider Bulk Carriers - Gary, Indiana

2015-2017

Interacted safely and professionally with tractor-trailer and tanker equipment, delivering chemicals in industrial settings and using in-truck satellite technology to effectively communicate daily with dispatch

Customer Service Representative

Trust Risk Management Services - Chicago, Illinois

2013-2015

Provided assuring experiences to insureds via daily workflow of phone calls and document processing using proprietary enterprise software

Education

Bloc Designer Track

Immersive, mentor-led apprenticeship in UX/UI Design

www.Bloc.io, 2017-2018

Bachelor of Arts in Music

University of Minnesota, Minneapolis, 2012

Undergraduate Study in Guitar Performance

University of North Carolina School of the Arts

Winston-Salem, North Carolina, 2007 - 2009
